

Description

DME PROLINK's 19" Blank Filler Panels are an important addition for Rack Installation. Blank panels cover up unused rack space preventing unwanted access to equipment. Blank panels are also crucial to thermal management by controlling and restricting airflow through a rack enclosure. Blank panels can also be used to custom fabricate unique panel layouts for individual applications.

Components / Specs	Detailed Description
Paint Type	Molding powder painting
Thickness	Approx. 1.1mm
Material Construction	Cold Rolled sheet
Accessories	4pcs Screw and Cage Nuts
Product Size	W x H= 483mm x 44.45mm

Part Number

D63105-191BK	19" Blank Filler Panel, 1U, Black
D63105-191GY	19" Blank Filler Panel, 1U, Grey
